

N11_01

$$N = 63 \Rightarrow i = 6 \text{ даўт}$$

$$\frac{33 \cdot 6}{8} = 25 \text{ даўт}$$

$$\frac{29 \cdot 6}{8} = 22 \text{ даўт}$$

$$3 \cdot 25 + 3x + 6 \cdot 22 + 6x > 330$$

$$9x + 207 > 330$$

$$9x > 123$$

$$x > 13,6 \dots$$
